

SPLIT END TABLE

This detail-packed little cousin to the Commune Dining Table is a modern merging of contemporary and traditional styles. The open leg-base harmonizes with the breathing triangle top; the split legs cross and connect with each other on the floor and are reflected in the in-laid propeller veneer pattern on the table surface. A small lip finishes off the top edge.

DIMENSIONS

23.25" triangle x 21"H

23.25" triangle x 25"H

WOOD/FINISH

Available in our standard wood and finishes.
